Re: Riley v. Taylor, et al.,
C.A. No. 06-01-GMS

Dear Mr. Connors,

Enclosed please find the recent letter I wrote to Judge Sleet dated August 11, 2008, regarding your previous discovery responses. Attached to my letter to Judge Sleet are two documents which indicate that I was seen by CMS doctors between April and October of 2002 on several occasions. You have failed repeatedly to provide any and all medical records from this period. I understand that you are only the attorney for CMS and have no control over the medical files of the prisoners under CMS care, however it would be helpful to just say that the requested medical records from 2002 do not exist, were lost or missing from plaintiff Riley's files.

I appreciate your candor in this regard. Thank you!
